Our 4th Annual Theatre Academy offers a variety of classes taught by working professionals to help take your stage and performing skills to the next level! Core classes in **Acting**, **Music** and **Dance** are designed to enhance your “triple threat” skills. Specialty classes are also a part of the curriculum and include **Improv**, **Backstage** and **Auditioning**. Our classes are designed to build and sharpen your theatre skills and experience while focusing on a truthful, emotional investment in your work and performance. Whether you are Broadway bound or just in it for fun, our philosophy is to give each student the highest level of professional training in the theatrical arts while focusing on teaching “*life skills through stage skills.*” Each session concludes in a presentation of class work for friends and family and the opportunity to be pre-show for LifeStage Entertainment’s debut of “*Beyond Extraordinary,*” an original musical based on the book *You Are Special* by Max Lucado.
