LifeStage Players - Audition Only

LifeStage Players (LSP) is a student group, under the direction of Meg Shideler, that embodies the spirit of LifeStage Theatre and represents our organization through performances on and off-site. LSP is a class-based group dedicated to developing advanced theatrical skills, such as those needed for educational, collegiate and professional theater, and building qualities of leadership and service through activities and experiences designed for both teamwork and personal growth. This company represents LifeStage Theatre in the community with small-scale performance opportunities at venues including Southlake's Art in the Square, Six Flags Over Texas, the Gaylord and other venues in the community. To ensure the ongoing growth of our performers, enrollment in one additional Lifesong theatre, dance or music class is required.
